Trying to Control Everything

Cindy was at the top of her game – steady clients, organized books, home in order (yes, our home, each individual room relates to a part of our lives). It is all a mirror and reflection of what is going on inside of us.

Everything seemed great on the outside – A steady income of \$5K a month –underneath it all Cindy had ‘no’ social life or significant other. I intuitively heard what Cindy was not telling me: order to Cindy meant control.

Order often equals expansion but in this case, order was used to control Cindy’s environment. The Divine, God is in charge. This invisible Power is driving your vehicle, your mind, through your thoughts. Cindy wanted to change and learn to connect in relationships. We started going through

her past relationships and discovered her root challenge. Once this was brought to the light, we added personalized SMT’s (spiritual mind treatments) and creative outlets that felt safe and do-able for Cindy.

Next, we addressed increasing her business. Once again, I am happy to report that her flow opened up.

Our relationships, our vocation, our money, our family and friends are all interconnected.

Once great rule of thumb is that ORDER = EXPANSION except when we come from a place of CONTROL

“Rev Jayne is phenomenal. I am finishing Prosperity Plus II with Rev Jayne next week. The 15-minute calls are so good. I’m going to do regular coaching calls. This is a deal to get to work with her!!!!”

Coasting along pattern - Just Enough

Sophia's ministry-business was coasting along, but no fireworks were happening. A few great checks here and there but then things would go right back to the same way: just enough to cover expenses.

Sophia was determined to up her game in her ministry business. Sophia knew her avatar, was clear on her why, had a vision, was working her plan but lacked the understanding of claiming her income weekly. It's more believable to our subconscious to accept a lower amount of money. This is why focusing on a weekly amount works.

When we get too far out in our mind, we lose sight of the now. There is only now. This moment, creation happens right now in this moment. Once Sophia focused on shifting from a monthly or annual mindset around income, to a weekly income and adding the concept of **The One Thing** by Gary Keller,

Sophia started getting results in her relationship area, in her next steps around purchasing a home and in her finances. It really is all connected. Previously, her steady income stream averaged \$4k a month. Once we shifted her mindset it rose to \$2,500 a week. She also secured a \$25,000 personal donation!

Sophia is still in the process of manifesting this result. It is happening and now we are looking at the frequency and consistency. She still has her steady of \$4k a month and now we are making the chunks of \$2,500 a week, a norm.

Chunks of Cash-Flow and Steady Income are the key to a 6-Figure and multiple 6-Figure Business Incomes.

"Jayne was the catalyst of seeing next steps clearly in reasonable choices and as each of these began demonstrating at an accelerated rate. Two weeks ago, I had a major upset that in the past would have sent me spiraling downward into obsessive thoughts that would then distract me from my intentions. Jayne snapped me out of it with her 'Highway to the Divine' and her 'Unicorn technique'; it was miraculous and no words can describe it. Thank you from the deepest part of my heart."

Migraine Headaches & Sleep Apnea

Heather has a pattern of migraine headaches and sleep apnea. When she is on – she is wonder woman: beautiful, talented and smart. Heather is a force of genius when she is on her game. We all are. Heather consistently brings in a high-multiple 6-figure income and is boarding 7-figures now. Heather is a minister who uses SMT and has a strong daily spiritual practice. The challenge is that Heather is outstanding at everything she does until she overthinks. To tune into Heather, I had to heighten my sense perception organs by connecting deeply with my medical intuitive gift – via the mid-brain.

The mid-brain is the highest level of access point for answers. The antithesis of this is the amygdala part of our brain located at the brain stem. The amygdala creates reactions of fight-or-flight responses out of survival. There is the part of us that goes bonkers: when we are triggered, we can become irrational. It is our animal nature, our fear-based thinking.

Next, our frontal, intellectual brain gives us reasonable and practical solutions. For something like headaches, this part of the brain points us toward getting medical attention, using mainstream drugs, getting Botox injections in the back of the head, checking out acupuncture or it directs us to something like essential oils. All are good and there is a 3rd much higher level of answer we can acquire in our spiritual toolkit, accessing the mid-brain.

This is our Divine essence – our highest and BEST

solution area, our Divinity, Our Divine Signature as Dr. Goswami, expert on Quantum Physics, calls it. Anyway, Heather was becoming desperate for solutions for her migraine headaches and sleep apnea. She had tried everything. Heather had exhausted her alternative homeopathic and allopathic medical choices.

Heather was using SMT with success and so we integrated even more to ensure her continued successful outcome.

Because I have been a medical, psychic intuitive for over 24 years, my sense perception organs through Kundalini daily practice and meditation, my pineal and master gland-the pituitary gland coupled with the thymus- are very perceptive. I got a hit on strategies to support what Heather was doing already. I am elated to report that exceptional progress is happening for Heather.

Her episodes are less frequent. Heather bounces back faster and her anxiety is lessening. Heather may take 6 days, 6 hours, 6 minutes or 60 seconds to clear her old pattern of too much thinking, too much planning.

It is up to each of us to listen to our inner promptings and follow our guidance to reach out for support when we need it. How quickly we let go of our old ways is up of us: It's a choice to integrate new ways of being. Mary Morrissey calls living from the “green-growing edges” of our Higher Self.

“Rev. Prosperity Jayne has helped me stand in my own power each day. With her help, I am able to consistently focus on my wholeness in Service of my community and my own abundant and delicious life! Thanks Rev. Jayne! I am so grateful to you!”
